

Calling all

NEW Networkers and Groups

If you're involved in setting up a NEW networking group or if you're an individual that's NEW to networking, Business in Berkshire would like to hear from you.

Tell us a bit about yourself and your group and we will publish your story FREE on our new 'UK Business Networks' web space.

Tell us your story.

What are the goals of your network? What makes your network different from others? How has your network benefited you and your members? How long has your network been running? And don't forget to send us a suitable photo to accompany your article.

All we ask in return is that you publish OUR story either on your web space or by some other means within your networking organisation.

As a successful online community, Business in Berkshire believes in the power of effective networking both on and offline. Many of our members and readers belong to networking organisations. Indeed several networking groups have accounts with BinB and use our web space regularly to publicise their networking events, meetings, and seminars.

As business people committed to networking, we all share a desire to connect as widely, as efficiently, and as quickly as possible.

To this end we have created some space within Business in Berkshire which we have called UKBusinessNetworks.co.uk Its purpose is to connect up people involved in business communities and networks.

To mark the launch of UKBusinessNetworks.co.uk, we are offering a great opportunity for other new and existing business networks to connect. Just add our story to your website, distribute it to your members via email or your chosen method (quarterly magazine, etc) and we will reciprocate by pushing your story out to our readers and web visitors from across the globe.

*Publish our story
"Business in Berkshire
and Beyond..." to your
network and we will
reciprocate.*

We will add your story to our UKBusinessNetworks.co.uk website and publish this via our BusinessinBerkshire.co.uk newsletter to over 3000 business readers. Our website receives nearly 40,000 web visitors a month and is a favourite of Google and his pals!

If you prefer to talk, call
Jon Davey on 01753 852904.
