

First Group and Business in Berkshire: Proud Sponsors of RBWM Awards

On Wednesday 29th November the Royal Borough of Windsor and Maidenhead announced the winners of the Community and Business Excellence Awards 2006, at a glittering awards ceremony at Ascot. This year Business in Berkshire partnered with First Group to sponsor the Royal Borough Ambassador Award.

The Awards are a unique venture in the Borough – a chance to recognise and reward the many, many excellent enterprises, teams and individuals in our area. This year the community was also added into the search for excellence, and the awards attracted a huge response from community organisations and individuals from across the Borough.

This year, the calibre of the entrants has been truly outstanding. In one way or another, they are all beacons of excellence and achievement in their fields. Competition in each category was fierce and all of the finalists have all emerged as leaders against a very strong group of contenders.

First Group and Business in Berkshire feel proud to have played our part by sponsoring an award. Winner of the Royal Ambassador Award was Martin Denny from the Windsor Festival. Paul Thomas from the Express series of newspapers (editor of the Windsor express) received a highly commended.
