

# Berkshire IT consultancy wins it in style

**L**ocal firm WinIT Consultancy has been awarded the West Berkshire Business Club Business of the Year award.

The honour is based on business achievements over the previous year, forward thinking management approaches and the winner's onus on customer relationships.

**WinIT Consultancy beat off competition from other Berkshire businesses Netstationers West Berkshire and Morgan PR.**

Specialising in software development, the firm has its head offices in Newbury and was instigated by managing director Robin Winnett in 2000.

They help out companies with relatively outdated systems to get on track with their technology.

Mr Winnett congratulated the team for their help in obtaining the coveted prize.

He said: "This is a great achievement for WinIT. It's been a team effort from everyone involved and my thanks and appreciation go to my whole team."

West Berkshire Business Club exists to promote local business and engage them in networking activities.

our software drives your business

WE PROVIDE | THE RESULTS | INFORMATION

"If you could find a software package that worked just the way you want to work, would you buy it?"

"What would it be worth to your company? What would it mean to you?"

"What if that package could change with you as you evolve the way you work?"

WinIT work in partnership with ambitious companies to design and deliver software solutions which match their aspirations."
