

Email Christmas cards

This year we are looking to help make a brighter Christmas for everyone as the credit crunch bites us all in the bum.

Email Christmas cards and messages are a great way to send cheer and goodwill without it having to cost you a fortune. You're also saving trees along the way so ensuring they can keep growing a few more months before we need them as firewood!

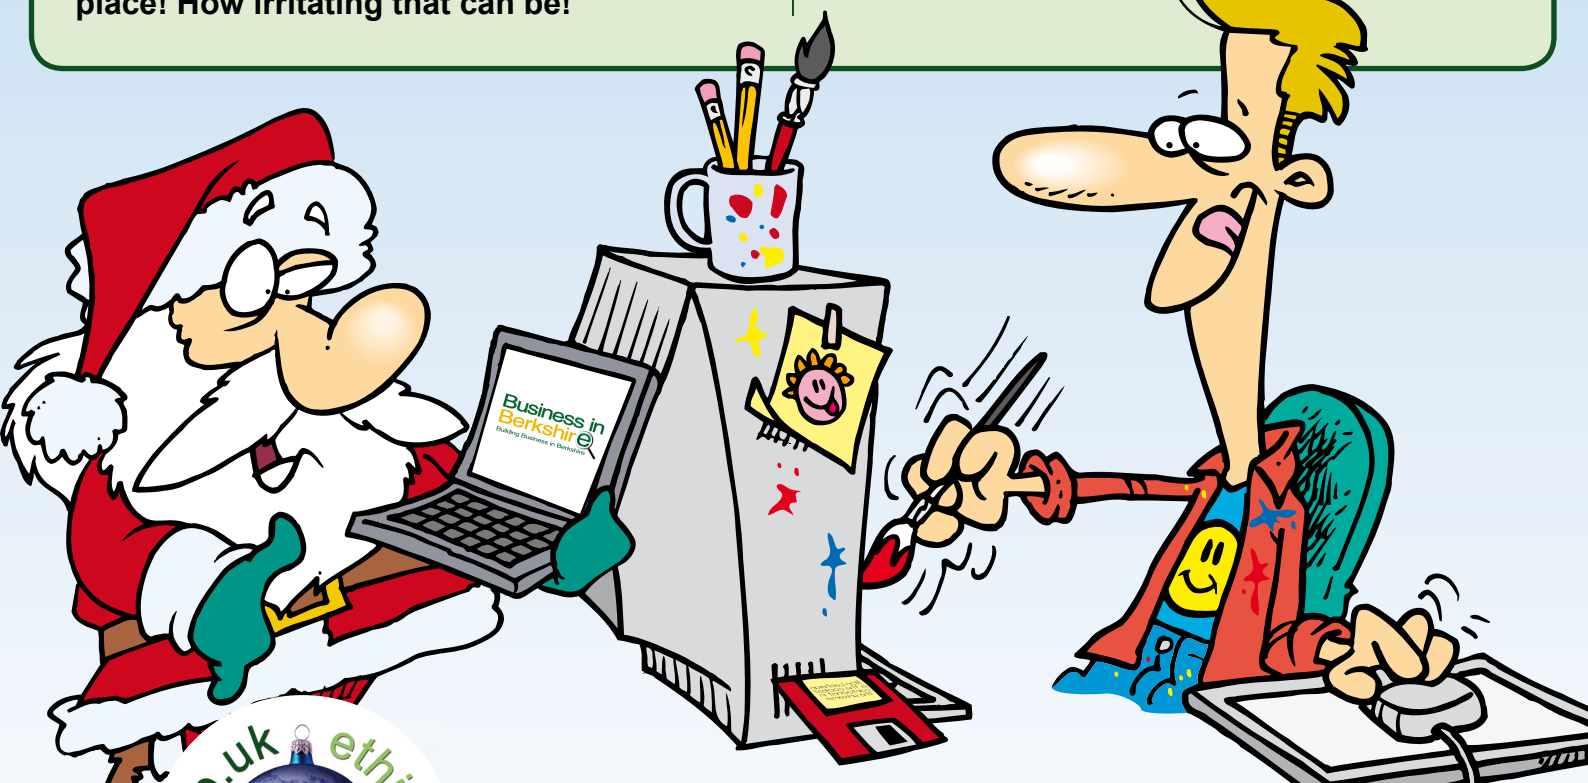

We are in the process of creating a bunch of options for your seasonal consideration.

There are two styles of email Christmas card. There is the static kind or the Flash versions. These can come in all shapes and sizes to fit your needs. We recommend 650 pixels wide by 400 pixels high for best effect. This fits nicely in an email window and ensures your recipient doesn't have to scroll around the place! How irritating that can be!

The price model is straight forward. (All prices are subject to VAT)

If you provide a logo and use one of our existing templates then we charge £99 for static email card and £250 for the Flash, animated email Christmas card. Plus 2.5p per email sent.

If you have a theme you would like us to explore then we charge £99 + VAT per hour to explore and produce your own card theme. This can be a static email Christmas card or an animated or Flash email Christmas card. Plus 2.5p per email sent.
