

Facilities Management Office Cleaning

At last, a cleaning company which recycles!

Green-a-way waste management, your local office waste specialists, now offer comprehensive office cleaning services to complete their one-stop-shop approach to facilities management.

If you're in charge of facilities management at your office, you'll know what a challenge it is to co-ordinate recycling, document shredding, waste disposal and office cleaning. It makes life much easier if you can find one firm who will do it all for you. That's where Green-a-way come in. We are waste management and secure shredding professionals who can offer a one-stop-shop approach to office facilities management. Our office cleaners can clean regularly or as a one-

off deep clean: whatever you need. Because they are part of the Green-a-way team, they will work with us to ensure that your recycling is dealt with appropriately and that no waste finds its way into the wrong bins. Your entire cleaning and recycling needs will be taken care of by Green-a-way.

Green-a-way are a small and specialised company offering facilities management services to local businesses in Berkshire, Oxfordshire and Middlesex. We're focused on the needs of local businesses and we're reliable and hands-on. local, reliable. Our impressive list of long-term clients illustrates the loyalty our clients have to us, even though we never ask them to sign contracts.

Get in touch with Green-a-way if you want to talk to a waste management company who can also offer daily office cleans, weekly deep cleans, window cleaning and carpet cleaning. Facilities management just got easier!
