client testimonials : Fun and a real spirit of partnership

“I am just writing to say how delighted I am with the work that LiaiseOnline has done in developing the new web site for Inspire Development and Coaching.

From initial contact, through the design of my new logo and business stationery, the building of the site itself and the design and dispatch of my new monthly newsletter, my expectations have been consistently exceeded.

I feel that you have worked to the highest standards, with a sense of fun and a real spirit of partnership. In addition, the management data I am getting for my website and newsletter usage is a real bonus. I look forward to a long and profitable partnership.”
