

# Customer Testimonials

## Paul Bidwell Managing Director Absolute Health and Safety Solutions Limited

Since signing up with Liase Online and Business in Berkshire our profile in the Health and Safety industry has increased, we now have a platform that we can adjust to meet our business needs with our 'Business in Berkshire Website'.

Within the fields of fire safety and construction our volume of work has increased 5 fold, with more and more enquiries producing viable leads and cash flow. To this extent as a direct result we have now increased our staffing level, we owe the increase in productivity to our own professional business approach, because

'We are practical people and are good at what we do', but most important to the Business in Berkshire and Liase Online involvement with our company.
