

Latest SEO News SEO report launch + 1 week

Businessnetworkinglunches.co.uk was pushed out on 19th February in readiness for the 7th birthday of Business in Berkshire on the 20th.

At NRG Networks Reading Lunch, Jon Davey, MD of LiaiseOnline, wanted to say thank you by offering a birthday present to all NRG Network members.

With both organisations having a top pedigree of organically generating quality business leads for their business partners, one offline, one online!

Launched on the evening of the 19th February 2009, only one week later on the 27th February 2009 and:

- The site has had 102 visitors to 302 pages. Excellent page ratio for a new site
- Posted on social networks people have clicked through for more
 - Business in Berkshire has produced 18 hits
 - LinkedIn 10 hits
 - And Ecademy 6
- The site has been indexed by the major search engines Google, Yahoo & LIVE

- A search for “business networking lunches” results and we find Google has picked up the new site with listings in 4th & 5th place
- The new content has been indexed by Yahoo but using the binb sub directory nrgnetworks with listings in 1st & 15th
- And LIVE with binb/nrgnetworks in 2nd & 6th
- The stats are showing 80 referrers and so word is spreading and the site will only get stronger
- The net result will be budding networkers, looking for something new will bump into this website
- Dave’s phone will ring and new guests will be seen at NRG Networks various networking events

The sites strategic mission is to find those interested in business networking lunches... job done!

If you appreciate the progress illustrated above and would like to benefit then you can benefit from LiaiseOnline’s business lead generation service by picking up a BLG Lunch Box, specifically designed for NRG members.
