

Mary Flavelle

Ambassador for Women

Mary's business is networking in all forms. From her Bracknell days, where she helped run a Malaysian festival, she has strong links with The High Commissioner of Malaysia, and works with the Malaysian Executive Business Club.

She has continued her interest in local business breakfasts by launching The Keller Breakfast at the Coppid Beech Hotel and has recently facilitated the London Irish Lunchworks at the Madejski Stadium.

Her skills as an events organiser have led to her appointment to the committee of the East Berkshire Federation of Small Businesses.

Next week Mary launches a new breakfast meeting with Business in Berkshire – Meeting of Minds at Harte & Garter Hotel.

It's her passion for supporting women, though, that led to her appointment as

Ambassador for Women, and has now given her the opportunity "to encourage young entrepreneurs, to mentor and to keep the government aware of the needs of women at work". Whilst at the Chamber, she launched the women's network SHE plc which is still going strong, and recently partnered Sharon Connelly with Ladies who Latte group.

Book for her next Meeting of the Minds Event:
