

Top of the 20

Key word search strings used in recent weeks

The following 20 key phrases were used by people during the last few weeks and drove visitors to one or more of our websites.

Most of them directly but a few of these phrases were used on other sites via Google News, attracting their natural audience and resulting in traffic indirectly to our site, excellent!

Let's have some fun with these key phrases...

1. Which of the key phrases do you think delivered the most traffic?
2. Pick one of the phrases below that was responsible for indirect visitors through Google News?
3. Which one of the key phrases, in the No.1 spot on Google, makes you laugh or smile the most?

Please send your answers to keywords @ businessinberkshire.co.uk and the lucky winner, drawn Monday morning 13th October 2008, around 9am, will have our lights turned on them so they can shine, not just here in the UK but around the world!

- who discovered africa
