

tailored advertising solutions

Advans create maximum impact at minimum cost. The idea is that they act as mobile billboards.

The advantage of the Ad van is that we can put your message where you want it, when you want it.

By being completely mobile we can place your advertisement in high profile locations where your audience or your competitors operate, such as main routes into towns, busy carriageways, high streets, retail parks and shopping centres. There is no doubt that when faced by a huge 20ft x 10ft advert, people will see it and will read it!

Focal Point Advertising have been established since 1987 and can help you reach strategically targeted audiences through traditional and out-of-home advertising opportunities. To find out more call us today, you won't be disappointed.
